PROJECTS

Personal Website

Jan 2022

[Ronnycoste.com](https://ronnycoste.com)

- Built a modern personal site using HTML, CSS, and Javascript.
- Used CSS to make a responsive and adaptive site for each screen size.

LIFECYCLE WebApp

Dec 2021

<https://lifecycle380.herokuapp.com/>

- Managed a team of 4 to build an application that provides users an easy way to find recycling places near them.
- Used Node.js, and React.js to create the app with Google Maps API to retrieve the maps and location, Amazon Cognito API for login, with OpenNYC JSON and Earth911 API data for the recycling location data.

GAMEDIA WebApp

Apr 2021

- Worked on a team of 2 people to build an application that provides gamers a place to upload media files and share them with other users.
- Designed the Wireframe of the application using Figma. Created the front-end using react.js, node, and Bootstrap.

CUNY Hackathon

Apr 2019

- Created a user-friendly application in a team of 5 that uses the smartphone camera to analyze objects and demonstrate where you can recycle them and won the sustainable award and Second best application out of 20 teams.
- Used React Native to code the mobile app and used the Earth911 and NYCopendata API to gather recycling information, and designed the layout and color palette of the application using Adobe XD and Figma.

RELEVANT EXPERIENCE

CUNY Tech Prep
Software Developer Fellow

New York, NY
Jun 2020 – May 2021

- Selected for a technical training program, as one of 180 students out of 400+ applicants.
- Learned in-demand technologies such as React, Node + Express, and PostgreSQL as well as industry best practices for design, implementation, and deployments such as MVC, version control with Git/GitHub, agile & Scrum with Trello and Slack, test-driven development, and CI/CD.

Tesercom DO
IT Intern

Santo Domingo, DR
Jun 2017 – Sep 2017

- Provided IT support for 4+ companies with 30+ employees each verifying connection points failure on their LAN and WAN Networks.
- Updated the IT infrastructure with new servers, switches, and routers of 2 clients to be more resilient.
- Set up group policies on a windows server, and set up two VoIP systems using Asterix on a cloud server using Azure and a virtual machine on a local server running VMWare.
- Automated the process of backing up and setting up a new computer and users using windows server to assign which programs would be installed on each computer for each user.

Bonanza Dominicana
IT Intern

Santo Domingo, DR
Jun 2015 - Aug 2015

- Troubleshooted hardware, software, and networks so that the company infrastructure stayed on 24/7.
- Added over 10 support articles to the IT Support Database.
- Facilitated on-site and remote support to end-users, and performed post-resolution follow-ups to ensure the service was effective.
- Visited branch offices for hands-on support on the company's equipment.

SUPPORTING EXPERIENCE

Uniqlo
Sales Associate

New York, NY
Dec 2018 – Apr 2020

- Operated the cash register and point-of-service credit-card system to process customer payments.
- Handled and resolved customer orders and issues, responded to specific needs, and ensured excellent customer service.

New York City Urban Debate League
Staff

New York, NY
Dec 2017 - May 2019

- Mentored a group of 20 middle schoolers from immigrant families on how to become a better Debater and how they can improve their English and native language by debating with other students.
- Translated to the Spanish and English League so that we had the correct translation of documents, and information for the participants.

Techo Dominicana
Social Development Intern

Santo Domingo, DR
Sep 2016 – Sep 2017

- Examined over 100 Surveys using SPSS Statistics Software looking for discrepancies between any new data and existing data in the organization's database, and built models and graphs based on any changes.
- Planned, developed, and coordinated logistic activities with corporate teams using Google Workspace software such as Calendar, Docs, Sheets, and Drive to seamlessly collaborate with other volunteers and staff members
